

Mom -

I really appreciate all the effort you went to, to make my graduation special.

You have been a great support & encouragement to me throughout college and I couldn't have done it without you.

Thanks for being there to listen to me and give me advice. Thanks for saying you're proud of me because that makes me feel good.

Because there's no end to the kind things you do!

Thanks So Much
I appreciate you and all you do for me.

I love you!

- Rhonda
