

February 25

Wichita Kan

Dear Norman

How are you? I'm fine. I must be catching the flu or small pox. Do you remember if I had the chicken pox? Is it cold down in St. Bliss? It is raining snow or sleet here. Wess and Ethel are here. Ethel wants to say hi. I got two 1962 cars to put together. I got an Impala and a Corvette. The Impala is red and white. The Corvette is royal blue. I don't have any girl friend yet. I didn't find one I like yet. Ronnie had to go to church to get his first medal for Boy Scouts. I have 313 miles and no tents. One flat tire since I had the speedometer.

Have you been bowling? I would
like to go. But we can't, I have
one cavity. Ronnie didn't though.
I don't want to get it filled. But
I have to, other wise I would die.
We just finished the dishes.
I had to dry the silver ware.
I painted my Mercury red too.
The next kind of car will be
a 1962 Olds, or a 1962 Corvair.
My middle T is still together.

Laddie is a fine dog. He jumps
on me a Ronnie. We can twist
real good know. I dare you to
put to Pork and Prowley
Bayer. You are an anteater
bear. Do you know what
February 10 was. You should know.
We didn't have any kind of paper
so I used this kind of
paper. Do you know what
an anteater is? It's an animal.
