May 25-62

Dear Norman:—

I can't write much this morning as I want to take this down to the post office to mail so you will get it to-morrow.

Dad found out yesterday that they will be off next week on Memorial Day so we will be coming down to see you. He will leave here early Wed. morning, so will get down there some time.

Thursday I know you will be working but will see you after your off. If you have time you might write & tell us where to find you on the base, maybe you could get a week end pass.

I'll bring your shirts what
you wanted & if there is anything
else, you can write & tell me.

The Boys are sure looking
forward to the trip, so I hope
every thing goes O.K.

Robinie had his graduation
last night, sure don't seem
possible that he will be
going to High School next
fall!

The weather was real bad
last night, there were 4 to 5
tornado funnel spotted around
Newton, I guess one or two
touched the ground & did
quite a bit of damage in Newton
lots of hail & wind.

Wichita don't get any but it
looked worse than I've ever
seen. Well Norm will close
for now, so if nothing of noting
happens between now & Thursday will
be seeing you. Love Mom & Dad
