Dear Ronald,

As usual, there isn't much happening down here. It is cold and we received a little snow.

I would like for you to operate the record player, but play what Alon wants to hear too.

I have no zone number as far as mailing purposes are concerned.

Who got to wear that green sweater?

I saw "Moon Pilot" the other night. It was pretty good.

Well, the only excuse that
I have for cutting this letter
short, is that there is nothing
to write about, so I will
close.

Sincerely,
Norman
