Dear Ronnie,

These last couple of weeks have been kind of hectic. We moved our offices to a different building. Last week we had many inspections. The big inspection was held by a General. Then we moved our barracks to where our offices were originally and in about two weeks we will have to move them again.

It is really nice out today. How is the weather at home?

It seems to me that you asked me what kind of oil I used in the Olds. I don't think I told you. I use "Mobile Special".

What are you going to do over the holiday weekend?

I guess I'll see "Legend of Lobo" tonight. Have you seen it? I guess I'll close for now.
Love,
Norman
