Dear Norman,

I apologise for not writing but I'll let you in on some of the things I've been doing.

Last Saturday we had our 8th grade banquet. We went to The C.A.C. building at W.U. The food was delicious.

Then last night was our graduating exercise. Mom and Dad got me a transistor radio. It's a Philco
6 " ". Carolyn got me a watch band, a shirt, and a pair of socks.

The weather here has been quite warm. Last night we had tornadoes, one at Newton & Hutchinson. The storm itself didn't hurt here, it did have to be the night of your graduation.

I don't know what the top tune is but I bet I will
